Accumulations

Deductible	\$2,000.00 Individual/ \$4,000.00 Family
-------------------	--

Maximum Out of Pocket (MOOP)	\$6,550.00 Individual/ \$13,100.00 Family
-------------------------------------	---

The calendar year Deductible applies to pharmacy and medical claims. Each individual family member must meet the individual Deductible unless the family Deductible has been met by any two or more covered family members. Once met, your covered prescriptions are subject to the copays above. Generic Dispense as Written policy does not apply to the Deductible. The Deductible does apply to the Maximum Out of Pocket (MOOP).

The calendar year MOOP applies to pharmacy and medical claims. Each individual family member must meet the individual MOOP unless the family MOOP has been met by any two or more covered family members. Once met, your covered prescriptions are paid at 100%. Generic Dispense as Written policy does apply to the MOOP.

Specialty Medications

Specialty medications are high-cost drugs that are often injected or infused and require special storage and monitoring. These medications must be obtained through Caremark specialty pharmacy by calling Caremark at 1.800.237.2767. Some exceptions apply. These medications are limited to a 1-30 day supply. Specialty medications largely fall into the formulary brand category but could also fall into the biosimilar or generic specialty drug category. These medications are subject to the appropriate Copay as listed below. Caremark Specialty Pharmacy also offers pharmaceutical care management services designed to provide you with assistance throughout your treatment.

Specialty Medication	Caremark
Specialty Generic Brand	\$100.00
Specialty Preferred Brand	\$100.00
Specialty Non-Preferred Brand	\$200.00

Retail and Mail Order Pharmacies

The Arc of Washington County, Inc. participates in the Caremark pharmacy network. Contact RxBenefits Member Services at 1.800.334.8134 to inquire about a specific pharmacy.

Manufacturer Copay Assistance Program (MCAP)

Some specialty medications may qualify for third-party copayment assistance programs which could lower your out-of-pocket costs for those products. For any such specialty medication where third party copayment assistance is used, you will not receive credit toward your maximum out of pocket or deductible for any copayment or coinsurance amounts that are applied to a manufacturer coupon or rebate. Your employer has elected to enroll in Caremark's True Accumulation program.

Generic Policy - Dispense As Written (DAW)

If a Brand name drug is filled when a Generic equivalent is available you will be required to pay the Brand cost share plus the difference in cost between the Generic and Brand name drug. The Generic Policy does not apply if the prescription indicates the Brand must be dispensed.

Maintenance Drug

A medication that is used for chronic health conditions on an ongoing or long-term basis (e.g., antihypertensive medication taken daily to control high blood pressure).

Preventive Medications

Your employer's plan is subject to the Affordable Care Act (ACA) which requires the coverage of a number of preventive items and services at 100% and ensures these items and services are not subject to deductibles, maximum out of pockets, or other limitations such as annual caps or limits. If enrolled in the QHDHP Plan, medications on the HDHP Standard Preventive Drug List (Brand and Generic) Preventive Medications List will bypass the Deductible and be processed at the applicable standard copay/coinsurance. You may contact RxBenefits Member Services at 1.800.334.8134 if you have specific drug questions or register at caremark.com to check drug costs and coverage.

Compound Drugs

For compound drugs to be covered, they must satisfy certain requirements. In addition to being medically necessary and not experimental or investigative, compound drugs must not contain any ingredient on a list of excluded ingredients. Any denial of coverage of a compound drug may be appealed in the same manner as any other drug claim denial under this coverage. Compounded medications equal to or exceeding \$300 per script will require prior authorization.

Step Therapy Program

Certain medications may be subject to step therapy. You could be asked to try one of the first or second level options before certain drugs are covered by the plan. Your employer has implemented performance Generic step therapy that promotes the use of Generic medications first before non-preferred Brand medications. If you choose to use certain non-preferred Brand-name drugs before trying a Generic medication or a preferred Brand medication, your prescription may not be covered, and you may need to pay the full cost. Step therapy applies to the following drug classes: ARBs/direct renin, inhibitors/combinations, Brand bisphosphonate + vitamin D combinations, Brand nasal steroids, COX-2 inhibitors/NSAIDs, Fibrate, SABA inhalers, Brand statins, Brand PPI packets, Brand SSRI, Brand sleep agents, Brand triptan and Urinary antispasmodic. This list can change quarterly.

The Arc of Washington County, Inc.

High Dollar Claim Review, Prior Authorization and Appeals program (HDCR)

Members on high-cost specialty medications for a complex condition may be subject to a more detailed clinical review of treatment guidelines, medical standards, and FDA approved indication and dosing to ensure clinical efficacy. This detailed review includes inappropriately dosed medications, weight based dosed medications, parity priced medications and those specialty medications that do not have a Prior Authorization (PA) in place today.

Low Clinical Value Drug List (LCV)

Separate formulary exclusion list including low clinical value drugs, me too/chemically similar drugs, new to market drugs, and non-essential.

Formulary

A list of Federal Drug Administration (FDA) approved Prescription Drugs and supplies developed by a Pharmacy and Therapeutics Committee, and/or customized by Caremark or RxBenefits. This list reflects the current clinical judgment of practicing health care practitioners based on a review of current data, medical journals, and research information. In your prescription drug coverage, the Formulary Drug list is used as a guide for determining your costs for each prescription. Drugs not listed on the Standard with ACSF Formulary may not be covered. Your formulary is Standard with ACSF.

The following lists are not all-inclusive, but rather are lists of the most commonly used prescription drugs. These lists are subject to change. The Caremark formulary provides an up-to-date list of medications that may be covered by the program. The Caremark formulary may be found online at caremark.com. You may also contact RxBenefits Member Services at 1.800.334.8134 to learn whether a specific drug is covered.

Covered Drugs and Supplies

The following examples of Covered Drugs and supplies may be available with your prescription benefit coverage. FDA-approved pharmaceuticals requiring a written prescription, issued by a licensed physician, dentist, osteopath, podiatrist, optometrist (licensed professionals) or licensed advance practice certified nurse and dispensed by a licensed pharmacist. Please contact RxBenefits Member Services at 1.800.334.8134 if you have specific drug questions or register at caremark.com to check coverage.

Covered Drug Limitations

Certain Prescription Drugs are covered up to preset limits. These limits are based upon standard FDA approved dosing for the medications. If you request that a prescription be filled for a drug that is subject to quantity limitations, the prescription will be filled up to the preset limits. In some cases, it may be medically necessary for you to exceed the preset limits. In those instances, Prior Authorization is required. In such cases your doctor may initiate Prior Authorization by calling RxBenefits toll-free at 1.800.334.8134. Many drugs are subject to quantity limitations for patient safety based on FDA guidelines. Your plan has identified the following drug categories for Quantity Limits.

- Anti-Influenza Agents
- Anti-nausea Agents
- Diabetic Test Strips
- Erectile Dysfunction (ED) Agents
- Migraine Agents
- Opioid Analgesics
- Sleep Agents
- Topical Anesthetics

For more information about specific drugs subject to coverage limitations, please call RxBenefits Member Services at 1.800.334.8134 or visit caremark.com.

Prior Authorization and Appeals

If a prescription drug claim is wholly or partially denied, you or your authorized representative has the right to appeal the decision. You or your authorized representative may appeal the denial no later than 180 days after receiving notice of an adverse claim decision. Appeals of prescription drug claims are handled by RxBenefits and are decided in accordance with the terms of the plan document. Following a clinical review, one of four actions will occur: the medication is approved, the medication claim is denied, the doctor may decide to withdraw and prescribe a different medication, or the reviewer can dismiss the claim due to lack of communication from the prescriber. If denied, the appeal process is available. Your prior authorizations are handled by RxBenefits.

The following medications may require a prior authorization under your plan:

- Acne Topical Agents
- ADHD Medications
- Opioid Analgesics
- Anti-ulcer Medications
- Antiviral Agents
- Antifungal Agents
- Diabetic Agents
- Migraine Agents
- Narcolepsy Medications
- Specialty Medications
- Testosterone
- Topical Antihistamines

The Appeal Process

If denied, the member may appeal the decision. Upon appeal, a second pharmacist reviewer will evaluate the prior authorization and make a decision (approved/denied). If denied a second time, a final appeal may be made, which is forwarded to an outside medical reviewer. If denied, there are no further appeals.

Your doctor may initiate the Prior Authorization, quantity limit, high dollar claim review or any other rejection process by calling RxBenefits at 1.800.334.8134.

Pharmacy Identification Card (ID Card)

Your pharmacy ID card enables you to participate in the prescription drug card program. Present your pharmacy ID card to the pharmacist when obtaining a prescription to ensure you get the benefit of the prescription drug card program.

Please contact your pharmacy insurance carrier for a replacement ID card.

Definitions:

Co-Insurance

The percentage of charges a Participant is required to pay for covered prescription drugs.

Copayment (Copay)

The specified charge you are required to pay for a Covered Drug.

Brand-Name

A Prescription Drug that is protected by a patent, supplied by a single company and marketed under the manufacturer's brand name.

Generic Drug

A generic drug is identical to a brand name drug in dosage form, safety, strength, route of administration, quality, performance characteristics, and intended use. Although a generic drug is chemically identical to its branded counterpart, it is typically sold at substantial discounts from the branded drug's price.

Over-the-Counter Drug (OTC)

Any medical substance that can be purchased without a prescription. OTC medications are not covered by your plan unless otherwise stated.

Non-Preferred Brand

Non-Preferred Brand is a Brand Name prescription drug that does not appear on the formulary of Brand Name Drugs designated by Caremark as Preferred. Members may pay a higher cost for Non-Preferred Brand-Name Prescription Drugs than for Preferred Brand-Name prescription Drugs.

Preferred Brand Drug

Preferred Brand Drug is a prescription drug that appears on the formulary of Brand-Name Prescription Drugs designated by Caremark Preferred. This list is subject to periodic review and modifications by Caremark. Members may obtain a copy of this list by contacting RxBenefits Member Services at 1.800.334.8134 or by registering on caremark.com. Members pay a lower copay/co-insurance for Preferred Brand-Name Prescription Drugs than for Non-Preferred Brand-Name Prescription Drugs.
